

PRESS RELEASE

Hong Kong
27 August 2018

FOR IMMEDIATE RELEASE

Trade Bitcoin and other cryptocurrency simple and easy with the 2cash wallet

Users can now acquire Bitcoin and other cryptocurrency simply through the currency exchange feature in their 2cash wallet. 2cash delivers the ability to get the best market rates on Bitcoin, Ethereum, Litecoin and many other top cryptocurrencies.

Along with trading and owning cryptocurrency, users may also liquidate their cryptocurrency to fiat funds that they can withdraw to a bank account, a debit card ordered from 2cash, through remittance partners in certain markets or use to order products and services from 2shop (the 2cash loyalty store) or a growing list of merchants who accept 2cash as payment.

This is a perfect solution for new participants who wish to own cryptocurrency without the confusion and complicated process normally associated with crypto wallets and exchanges.

About 2cash

2cash is a FinTech firm that has developed the 2cash wallet, 2cash digital / cryptocurrency, 2cash blockchain and 2cash Quickpay API applications that support unlimited transactions with no fees when user subscribe to the AC20. 2cash markets and promotes its products through its users with a bounty rebate and referral income programme.
