

PRESS RELEASE

Hong Kong
15 July 2019

FOR IMMEDIATE RELEASE

2cash to release Android and iOS mobile apps

2cash wallet users will not be able to download feature rich mobile apps from the Google Play store and Apple App store. The mobile apps will include the same features as the web application with integrated security and 2FA (two factor authentication).

The 2cash mobile app will streamline the users' experience and further promoting the 2cash wallet to be one of the most simple, efficient and economical digital wallets available in the market today.

About 2cash

2cash is a FinTech firm that has developed the 2cash wallet, 2cash digital / cryptocurrency, 2cash blockchain and 2cash Quickpay API applications that support unlimited transactions with no fees when user subscribe to the AC20. 2cash markets and promotes its products through its users with a bounty rebate and referral income programme.
